Why Choose Us?

THE Real Estate School is an independent licensing facility that is not owned by any real estate brokerage firm. We provide a comprehensive view of the industry, not one company's policies or procedures. Numerous real estate companies place employment information in our classroom, so our students can explore a variety of opportunities in residential resale, as well as those in new home sales, timeshares, HUD/ Foreclosures and more. **This course is invaluable for future agents, investors, and anyone who rents, owns or hopes to own real estate.**

**There IS a difference between schools.
But don't take our word for it... come hear for yourself.
No charge. No appointment necessary.

Why Choose a Career in Real Estate?

Independence

You control your career path and income level by setting your own goals & time frames. YOU are your own boss, continually interacting with people, helping families find their dream home and providing valuable services to your community.

Flexibility

You decide how many hours you can devote to developing your career. Working with focus and direction can make you more money in less time.

Unlimited Earning Potential

Agents generally earn, per transaction, a range from 1.5% to 3% commission, based on the sale price of a property. A trained professional is likely to assist in both the sale and subsequent purchase for each client, essentially doubling the potential commission. (Salaried positions are also available. Call for details.)
